# COMPSAC 2021: Intelligent and Resilient Computing for a Collaborative World

## 45th Anniversary Conference

COMPSAC is the IEEE Computer Society Signature Conference on Computers, Software and Applications. It is a major international forum for academia, industry, and government to discuss research results and advancements, emerging challenges, and future trends in computer and software technologies and applications. The theme of COMPSAC 2021 is “Intelligent and Resilient Computing for a Collaborative World.”

The technical program includes keynote addresses, research papers, industrial case studies, plenary and specialized panels, fast abstracts, a doctoral

symposium, poster sessions, and a number of workshops and tutorials on emerging and important topics. Each year COMPSAC invites leaders, industry innovators, and academic researchers to explore the state-of-the-art in computing as it relates to a specific theme, chosen annually by the conference leadership.

We invite you to support this leading industry and academic event that combines the brightest minds, most innovative research, and most exciting companies working with computers, software, and applications.
